Job-oriented Skills Development Program

PREFACE

In the towns and districts of Rajasthan, a generation is finding its footing - not through chance, but through deliberate investment in its potential. **AU Ignite- *Unlocking You***, a flagship programme of **AU Foundation**, was established in 2018 on a belief both simple and transformative: that youth from underserved communities, when given the right guidance, are fully capable of shaping their own futures and contributing to the nation's growth.

The programme skills youth between the ages of 18 and 30 from marginalised backgrounds - individuals of considerable promise, but limited access. Through 15 academies operating across 10 districts of the state, AU Ignite provides industry-relevant training across four sectors: Banking, Financial Services & Insurance; Healthcare; Tourism & Hospitality; and Information Technology & ITeS. The experience extends well beyond the classroom-encompassing industry visits, field-expert sessions, seminars, and hands-on assessments so that every graduate steps into the workforce not merely qualified, but genuinely prepared.

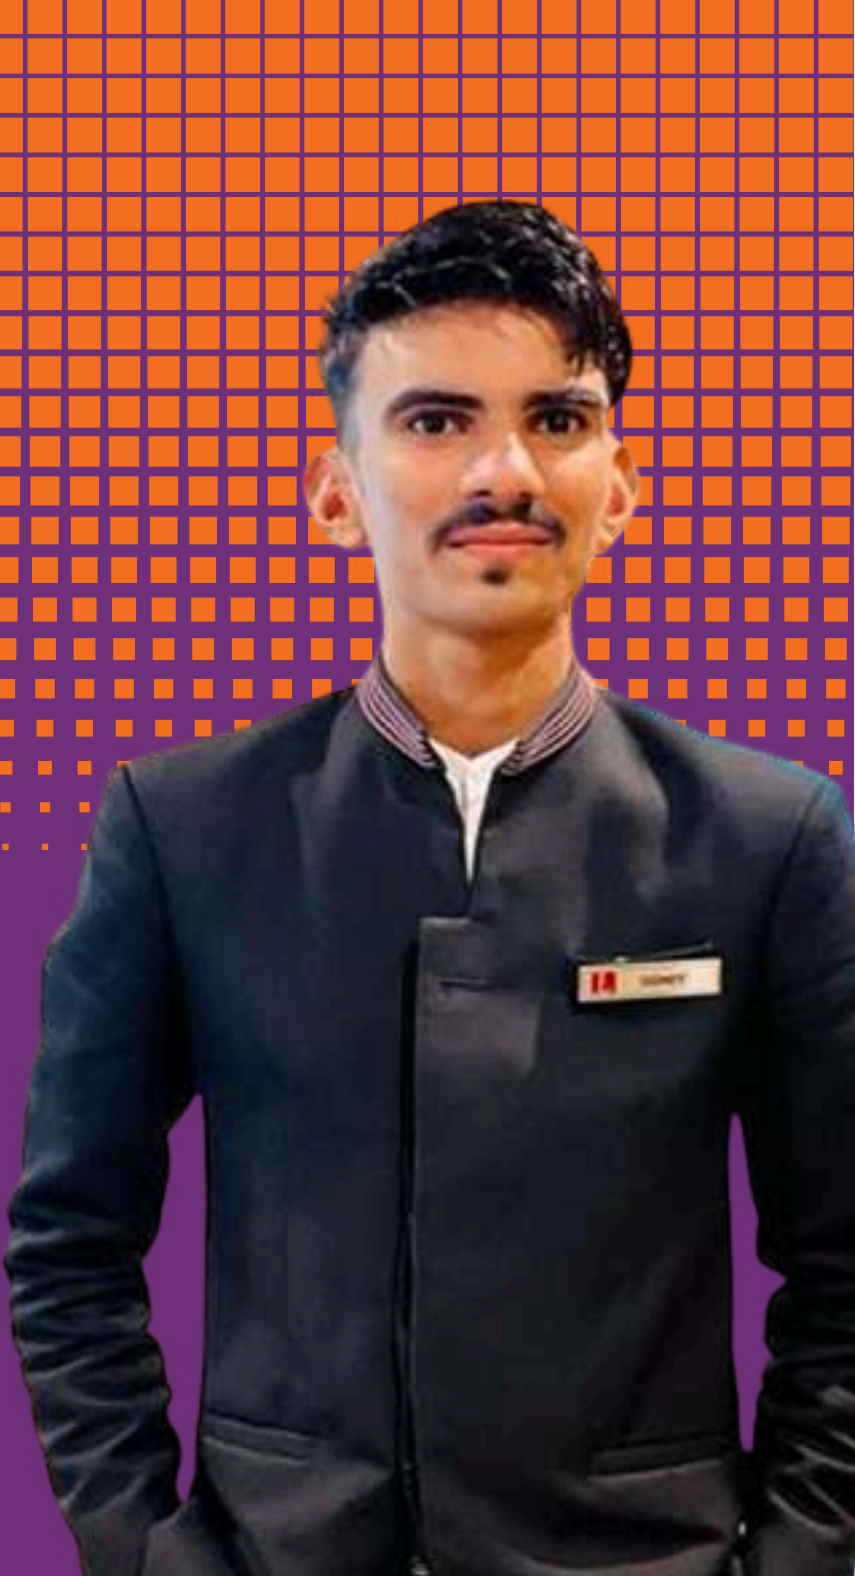

The curriculum, however, goes far beyond academic training. Soft skills such as communication, personality development, and financial literacy among others are woven into the curriculum, ensuring that students carry with them not just technical competence, but confidence and character. The AU Future Skills academy takes this further, offering advanced skilling courses in areas such as Salesforce and Data Science, and opening pathways to leading technology organisations across the country.

Placement drives and job fairs organised under the programme have connected graduates with reputable employers in tier-2 and tier-3 cities and 17 of them have secured job opportunities abroad. So far, forty-five especially abled trainees have been trained and 33 have secured employment at respected organisations, each beginning a journey toward financial independence on their own terms.

The stories gathered in these pages belong to young people who arrived at AU Ignite's doors with potential and left with purpose. They are engineers of their own dignity - and living proof that when opportunity meets determination, transformation follows.

This is their story, and it is only just beginning...

Trained: 34,000 + youth || Placed: 24,000 + youth || 10 Districts || 15 Academies

"There was a time in my life when I had lost direction. After dropping out of school, I fell into the wrong company and was surrounded by negative influences. My father, a mason, worked tirelessly to support our family, and somewhere inside I knew I had to change my path. With the right counselling and guidance from the centre team, I decided to rebuild my life and start fresh. I began my career at Lords Plaza, Ankleshwar, where I learned discipline, professionalism, and self-belief. Step by step, I worked hard and proved myself, and today I am proud to be working as a Supervisor at Abhaygarh Hotel, earning well and living a dignified life. My journey from hardships to stability has taught me that with the right support and determination, anyone can transform their future."

“My name is Chanda. I completed the GDA course from Chirawa after my 12th. My father is an auto driver, and we are four siblings. Managing our family expenses was difficult, so I decided to become financially independent and support my family. I enrolled in the GDA course with a clear goal. During training, I gained skills, confidence, and preparation for a professional career. After completing the course, I started working and began supporting my family financially. Along with my job, I am also continuing my BA to grow further. Today, I feel proud to contribute to my family and support my siblings’ education. This journey has made me more responsible and confident. I believe that with hard work and determination, we can achieve our goals.”

"My name is Sachin. I come from a simple family where my father is an army retiree and my mother is a housewife. After retirement, my father worked in a private job in Delhi to support our family. I have completed my B.Sc, and my younger brother is pursuing his final year. I always felt a strong responsibility to support my family and make my parents proud. I started my professional journey with Infosys, where I worked with dedication despite challenges and long hours. My efforts were rewarded with the Best Performance Award for two consecutive years and the I-Star Award for 2024-25. These achievements reflect my hard work and determination. Seeing my parents proud is my greatest reward. I believe discipline and self-belief can lead to success."

“My name is Chanda. I completed my DDEO training from Chirawa. My father is a shopkeeper, and my mother is a housewife. I have a twin sister, and since childhood, we have shared our dreams and struggles together. Seeing my parents work hard, I always wanted to support them and become independent. With this goal, both of us enrolled in the training program. The journey was not easy, but having my sister by my side gave me strength. During training, we gained skills and confidence. After completing the course, both of us got placed at AU Small Finance Bank in Jaipur. It was an emotional moment for us to see our parents proud. Today, we are supporting our family and living our dreams. I believe hard work and family support can change lives.”

“I come from a farmer’s family where financial challenges were a part of daily life. From an early age, I felt responsible to support my family, but I lacked guidance to build a career. Through a friend, I learned about a training center and decided to enroll. During training, I gained new skills, confidence, and a clear direction. With hard work and dedication, I completed the course and got a job as a Guest Service Associate (GSA) in a reputed organization. Today, I am financially supporting my family and feel proud to contribute to their needs. My journey has also inspired others in my village to consider skill-based careers. I now aim to grow further in the hospitality industry and build a secure and successful future.”

"My name is Kumari Manisha, and I am from Bhairoogarh village. After my marriage, I faced serious challenges as my husband's behavior led me into depression. I returned to my mother's home with my two-year-old daughter, which was a very difficult phase. One day, my mother showed me a video about a training center, and I decided to enroll in the BCBF course at Chirawa. This became a turning point in my life. During training, I gained skills, confidence, and independence. After completing the course, I got a job in the collection team at AU Jaipur. Despite ongoing personal challenges, my parents supported me throughout. Today, I am strong, independent, and supporting my daughter and family. I believe courage and determination can change lives."

"I come from a rural background where my father works as a mason, and managing our family's finances was always a struggle. With limited guidance about education and careers, I was unsure about my future. However, I decided to enroll in a training course, where I gained skills and confidence. After completing it, I got the opportunity to train at The Gateway, Nashik (Taj), which gave me valuable industry exposure. Later, I worked with Radisson Blu, Udaipur, where I enhanced my professional skills. Due to family reasons, I moved closer to home and joined Abhaygadh Hotel. Today, I am working as a Guest Service Associate and supporting my family. My journey has taught me that with hard work and determination, we can build a better future."
