Preface

When the Bano Champion initiative began in 2021, it started with a simple but powerful belief — that extraordinary sporting talent exists in every village, every district, and every child who dreams of achieving something bigger.

Across rural India, thousands of young athletes possess natural talent but often lack access to structured training, professional coaching, and competitive opportunities. Recognizing this gap, AU Small Finance Bank launched Bano Champion, a grassroots sports development initiative designed to identify, nurture, and empower young athletes from rural and semi-urban communities across Rajasthan.

Over the past five years, Bano Champion has grown from a pilot program into a statewide movement. Through structured training centers, village and district tournaments, exposure camps, and coaching development programs, the initiative has created a strong ecosystem for grassroots sports development. This handbook captures the journey of the program — the athletes who trained with determination, the coaches who mentored them, the communities that supported them, and the growing impact of sports in transforming rural aspirations. More than a documentation of milestones, this handbook represents a continuing commitment to strengthen grassroots sports and create pathways for rural talent to reach state, national, and international platforms.

3: About Bano Champion

Bano Champion is a grassroots sports development initiative launched by **AU Small Finance Bank** in **October 2021** to identify and nurture sporting talent from rural and underserved communities across Rajasthan.

The program focuses on building a structured grassroots athlete development ecosystem by providing access to:

- Regular sports training at grassroots locations
- Qualified coaching and mentorship
- Competitive platforms through tournaments and leagues
- Exposure to national-level training institutions
- Opportunities for advancement to professional sports pathways

Through a network of training centers across rural districts, Bano Champion aims to ensure that young athletes receive consistent opportunities to develop their skills, compete, and pursue their sporting ambitions.

3.1. Vision

To build a strong grassroots sports ecosystem that identifies and nurtures sporting talent from rural India and enables athletes to compete at state, national, and international levels.

3.2. Mission

- Provide structured sports training to rural youth
- Develop local coaching capacity in underserved regions
- Create competitive platforms for athlete development
- Connect talented athletes with national-level training opportunities

4. Program Journey (2021–2026)

The **AU Bano Champion program** was launched in October 2021 as a pioneering grassroots sports initiative aimed at identifying and nurturing sporting talent from rural and semi-urban communities.

During its initial phase, the program focused on establishing structured training platforms and building community trust in sports participation.

- Pilot phase launched with 30 training locations across Rajasthan, engaging 3,000 athletes under the guidance of local coaches providing regular sports training
- For many children in rural communities, this marked their first-ever exposure to structured and organized sports training
- Coaches and coordinators actively connected with villages and schools, building awareness and encouraging youth to see sports as a path for growth and discipline
- A key gap was identified at the grassroots level — limited access to sports facilities and opportunities, despite most initiatives focusing only on elite athletes
- The early phase focused on deep community outreach, village engagement, and trust-building, bringing structured training to areas where such opportunities had never existed before

4.1 Expansion & Acceleration (2022–2026)

Following the successful pilot phase, the program witnessed significant growth driven by strong community participation and positive outcomes.

The initiative expanded its footprint by adding new locations and strengthening the athlete development ecosystem.

Year	Locations	Athletes
2021-22	30	3000
2022-23	60 (30 New)	6000+
2025-26	75 (30 New)	6000+

During this period, several structured competitive platforms were introduced, including:

- Village Level Tournaments
- District Level Tournaments
- Weekend Leagues
- National Exposure Camps

The program also focused on developing local coaching capacity by identifying sports enthusiasts within communities and training them to become grassroots coaches. The movement gained momentum. Word spread. Participation doubled, then tripled. Structured trials were introduced and the athlete pipeline became clearer

4.2 Consolidation & Performance (2021–2026)

By 2025, the program entered a phase of consolidation with a strong focus on performance excellence and athlete progression.

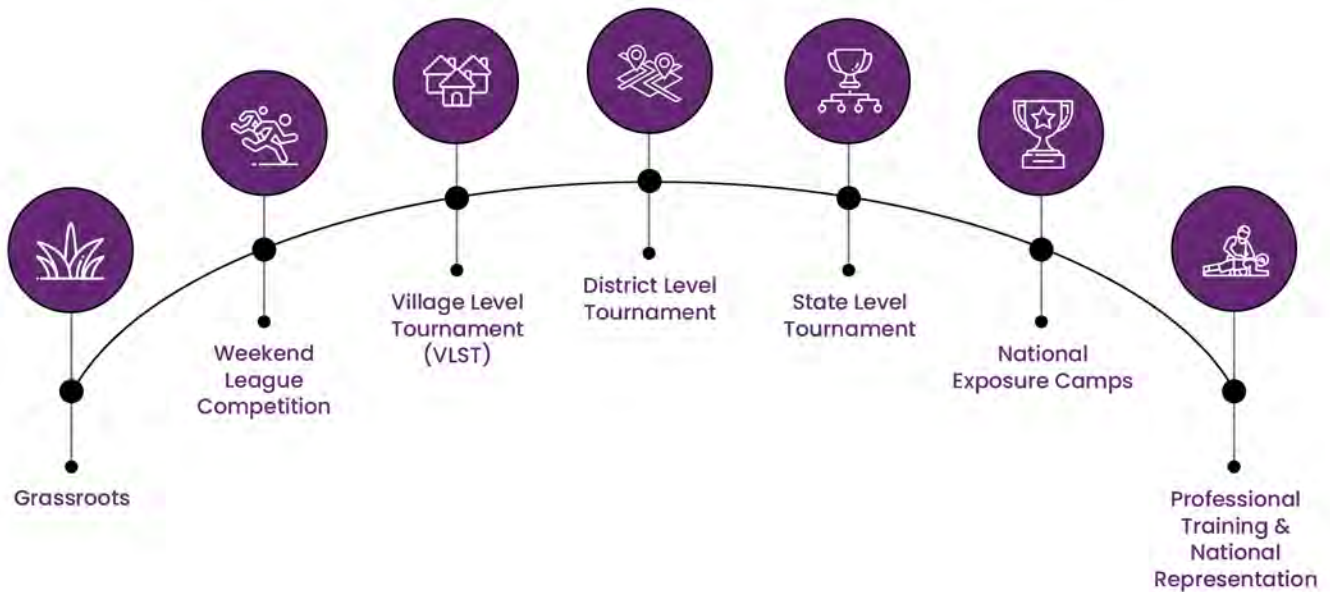

Key achievements include:

Indicator	Numbers
Total Beneficiaries	10,000+
Total Outreach - Rajasthan	20+ Districts
International Medals	3
National Medals	94
State & above Medals	423
District Medals	1058

Additionally:

5. Pathway

The Bano Champion program follows a structured athlete development pathway designed to identify talent at the grassroots level and gradually provide athletes with competitive exposure, advanced training, and national-level opportunities.

This pathway ensures that promising athletes are continuously nurtured through progressive stages of training and competition.

6. Grassroots Training Program

The Grassroots Training Program forms the foundation of the Bano Champion initiative. Through regular coaching sessions conducted at 75 training locations, young athletes receive structured training in sports such as Kabaddi, Football, Volleyball, Wushu, Boxing, Throwball and Athletics. Local coaches play a critical role in mentoring athletes, improving their technical skills, and building discipline and teamwork.

7. Parents–Coaches Meeting

- Parents–Coaches Meeting is a key platform that strengthens collaboration between families and coaches to support young athletes
- Conducted quarterly, it helps parents understand training structure, athlete progress, and the importance of discipline, nutrition, and regular practice
- Builds a supportive ecosystem where parents, coaches, and communities work together to nurture young sporting talent

Indicator	Value
Frequency	Quarterly

8. Coaches Development

Purpose

To strengthen the capabilities of grassroots coaches by equipping them with modern coaching techniques, athlete management practices, and scientific training methodologies and strengthens the overall quality of sports training across all Bano Champion centers.

Key Focus Areas

- Introduction to modern and advanced coaching techniques to improve training effectiveness at the grassroots level.
- Exposure visits and learning sessions with reputed sports institutes and expert trainers to understand best practices in coaching and athlete development.
- Capacity building on athlete fitness management, injury prevention, and performance monitoring to ensure safe and scientific training for young athletes.

Partner Institutions

- Inspire Institute of Sport
- TransStadia University
- NIS Patiala
- Bengaluru FC
- Reliance Foundation

Indicator	Value
Training Workshops	2 annually

9. Village Level Sports Tournament

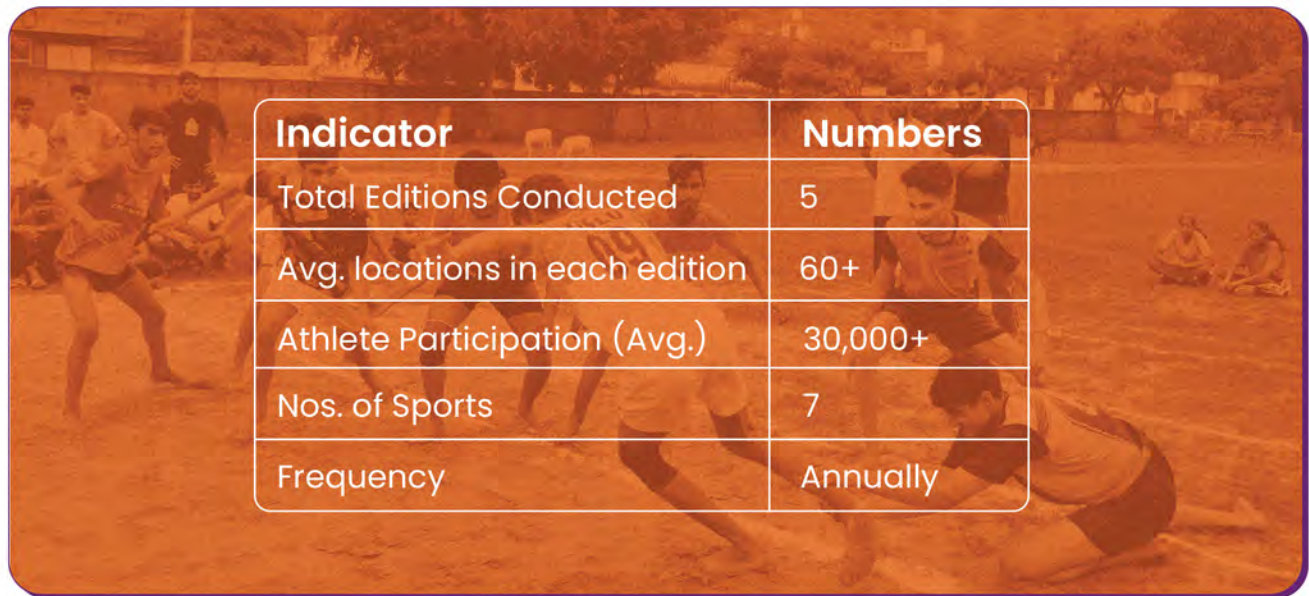

Village Level Sports Tournaments represent the largest participation platform within the Bano Champion program. These tournaments provide youth from surrounding villages an opportunity to participate in organized sports competitions and showcase their talent. The tournaments also serve as a key talent identification platform, enabling coaches to identify promising athletes for higher-level competitions.

Key Highlights

- Community-driven sports competitions that encourage local participation
- Participation from multiple villages at each tournament location
- Identification of promising athletes for higher-level competitions
- Grassroots scouting model to discover emerging talent

These events are often attended by:

- Government officials
- Local representatives
- Community leaders

Indicator	Numbers
Total Editions Conducted	5
Avg. locations in each edition	60+
Athlete Participation (Avg.)	30,000+
Nos. of Sports	7
Frequency	Annually

10. District Level Sports Tournament

Purpose: Competitive exposure.

District Level Tournaments bring together the top-performing athletes selected from village-level competitions, providing them with an opportunity to compete at a higher level.

The tournaments play a crucial role in evaluating athlete performance and identifying high-potential players for advanced training and exposure camps.

District Level Tournaments have significantly enhanced the competitive structure of the Bano Champion program. By bringing together the best performers from village-level competitions, the tournaments create a platform for athletes to experience higher-level competition and improve their performance.

The steady increase in girls' participation and the introduction of girls football highlight the program's commitment to promoting gender-inclusive sports development in rural Rajasthan.

Key Highlights

- Participation of top athletes from village tournaments
- Competitive district-level sporting events
- Increased participation of girls
- Introduction of girls' football

1st Edition	10 locations	4000+	District introduced
2nd Edition	8 locations	4900+	Girls' participation 25%
3rd Edition	10 locations	5200+	Girls' Participation 30%
4th Edition	12 locations	6400+	Girl's football introduced, Participation 35%

Identification of talent pool for State & National exposure camps

11. State Level Sports Tournament

This is the **culmination event** of the program.

The Bano Champion State Tournament represents the grand culmination of the annual sports cycle. It brings together top athletes from across Rajasthan who have progressed through the village and district-level competitions. The tournament provides a prestigious platform for young athletes to compete at the state level and demonstrate their potential for national advancement.

Key Objectives of the State Level Tournament

Head	Sub Points
Talent Identification	Final stage for identifying most promising athletes from rural and underprivileged backgrounds. Enables selectors and expert coaches to evaluate athletes for national-level exposure opportunities.
Competitive Exposure	Provides athletes an opportunity to perform in structured, high-intensity competitions.
Skill Development	Athletes receive real-time feedback from experienced coaches and officials.
Community Engagement	The tournament generates strong participation from parents, local communities, and volunteers.
Promotion of Multi-Sport Culture	Competitions are organized across multiple sports including: Volleyball, Kabaddi, Throwball, Football, Athletics.

State Tournament Trajectory

Edition	Year	Venue	Locations Engaged	Athlete Participation
1st Edition	2023	SMS Stadium Jaipur	60	1,000+ Athletes
2nd Edition	2024	SMS Stadium Jaipur	62	1,200+ Athletes
3rd Edition	2025	Jhunjhunu & Jodhpur	64	1,400+ Athletes

Glimpses of State Championship

12. Weekend League

The Weekend League is a structured competitive platform that runs across multiple weekends, the matches are played in Home & Away structure allowing athletes to regularly compete and gain match experience.

Unlike tournaments, the league format ensures continuous competition, helping athletes refine their techniques, improve fitness levels, and develop game awareness.

Till now, 2 editions of the Weekend League have been completed.

Phase	Year	Locations	Regular Participation
1st Edition	2024-25	50+ locations	1500+
2nd Edition	2025-26	60+ locations	2000+

13. National Exposure Camps

- Bano Champion National Exposure Camps represent the highest stage of athlete development, nurturing talent identified from grassroots platforms like village tournaments, leagues, and district competitions
- The initiative bridges the gap between grassroots talent and elite opportunities by connecting athletes with high-performance environments, professional academies, and experienced mentors
- Selection is done through Exposure Camp Trials, where top athletes are evaluated by certified coaches, national-level trainers, and technical experts
- Athletes are assessed on technical skills, physical performance, and competitive potential across sports like Kabaddi, Volleyball, Football, and Athletics
- Selected athletes advance to national-level exposure camps and specialized training programs for further development

Scouting Camps details

Phase	Year	Scouting Camps organized for	Scouting	Sent for Exposure Camps
1st	2024-25	Kabaddi, Boxing & Wushu, Volleyball, Football & Athletics	500+ Athletes participated	120+
2nd	2025-26		600+ Athletes participated	160+

Through partnerships with leading sports institutions and professional teams—including collaborations with organizations such as Bengaluru FC, JSW Sports, TATA Sports Academy—selected athletes participate in intensive training programs conducted at nationally recognized academies and sports facilities across India.

Key outcomes

- Advanced training with professional academies
- Interaction with national-level coaches
- Exposure to high-performance environments

Sport	Dates	Venue
Boxing	Nov 2025	Madhya Pradesh Martial Arts Academy, Bhopal
Wushu	Dec 2025	Rashtriya Raksha University, Gandhinagar
Volleyball	Dec 2025	Bengaluru Torpedoes, Bengaluru
Athletics	Dec 2025	Jio Institute, Mumbai
Kabaddi	Jan 2026	Haryana Steelers (PKL Team), JSW Sports, Jhajjar
Football	Jan 2026	Jamshedpur FC, TATA Steel Foundation, Jamshedpur

Indicator	Value

No. RSOA/Letter/2025/230 3rd April, 2024

Mr. Sanjay Agarwal
Founder, MD & CEO
AU Small Finance Bank
Jaipur

Subject: Appreciation for AU Bank's "Bano Champion" Initiative and Its Impact on Rajasthan's Olympic Movement

Dear Mr. Agarwal,

On behalf of the Rajasthan Olympic Association, I extend my heartfelt appreciation to AU Small Finance Bank for its exceptional efforts in promoting sports through the *Bano Champion* initiative. Your commitment to grassroots sports development across Rajasthan is playing a pivotal role in strengthening the Olympic movement by nurturing young talent and fostering a culture of sporting excellence.

The impact of *Bano Champion* is truly commendable, having provided structured sports training to over 8,000 rural youth across 21 districts. By supporting disciplines such as athletics, football, throwball, and volleyball, the initiative is cultivating a diverse and inclusive sports environment while empowering young athletes to reach their full potential.

We take immense pride in recognizing the outstanding achievements of athletes who have benefitted from this program. Their success—evident in 3 international medals, 55 national medals, and 284 state medals—demonstrates the initiative's effectiveness in identifying and nurturing talent. Notably, many of these athletes now represent Rajasthan at various levels, underscoring the program's vital contribution to developing future champions.

AU Small Finance Bank's dedication to fostering a strong sporting culture aligns seamlessly with the Olympic ideals of perseverance, excellence, and sportsmanship. Your initiative is not only shaping the future of sports in Rajasthan but also laying the foundation for a new generation of athletes who can proudly represent the state and the nation.

The Rajasthan Olympic Association deeply values this contribution, and we look forward to continued collaboration to further enhance training opportunities and expand support for athletes across all disciplines.

Thank you !!

Yours sincerely,

Surendra Singh Gurjar
 Secretary General
 Rajasthan State Olympic Association

BENGALURU TORPEDOES VOLLEYBALL ACADEMY

contact@birtorpedoes.com
www.torpedoesacademy.com

Dear all,

I am writing to provide a review of the recent Bengaluru Torpedoes Volleyball Academy High Performance Camp, held in association with Simply Sports Foundation and Sports Kartail, which took place in Bangalore from January 12th to 16th, 2025, at the Padukone Dravid Center for Sports Excellence.

****Girls' Team****

The girls' team was at a beginner's level, both technically and tactically. Over the five days, we focused on teaching them the basic rules and court movement. My assistant and I worked to create a comfortable and enjoyable environment while encouraging teamwork and individual growth. I was pleased with the girls' effort and their daily improvement, which was evident in their friendly match against a local team. Despite the expected loss, their performance was commendable.

Among the girls, Kushmi and Sonu Gavdiya (Setters) and Babita Megwal (Attacker) showed particular potential for playing at a higher level.

****Boys' Team****

The majority of the boys' team was at an intermediate level, with strong technical skills but lacking in tactical aspects. We focused on tactical drills and ball control, incorporating internal games to expose them to international playing styles. The boys displayed exceptional dedication, discipline, and progress, which culminated in an excellent performance against our Academy team in a friendly match.

Several standout players with high-level potential were identified: Pradeep and Ramavtar Jat (Liberos), Deepak Jat and Aryan (Middle Blockers), Sahil (Setter), Lokesh Choudhary (Attacker).

****Deshraj Rathi****

I would like to highlight Deshraj Rathi (Attacker Receiver), the most complete athlete I observed during the camp. Deshraj is a talented and intelligent player who, with further tactical development, could potentially compete at the highest level in Europe.

****Acknowledgments****

I extend my sincere thanks to Azad Singh and Vinitha, who accompanied the children to Bangalore and provided exceptional support throughout the camp. Their dedication and support were invaluable.

Sincerely
Nikos Katikas
 Head Coach.

15. Beneficiary Testimonials

Coach – Vikas Nawariya
Zone: Jaipur Royals | Location: Jaisinghpura

Hello, my name is Vikas Nawariya, and I am 20 years old. My journey from an athlete to a coach has been made possible with the support of AU Bank's Bano Champion project.

I joined the program at the age of 12, where I received free training and resources. I chose football and, with continuous practice, got the opportunity to play at the state level twice.

Inspired by my journey, I decided to become a coach. After completing the selection process, I was given the opportunity to train young athletes at the same ground where I once learned.

Today, I am proud to support children from underprivileged backgrounds and help them build a better future through sports. Thank you.

Vinod Saini
Supervisor/Coach – Bano Champion Program
Zone: Jaipur Royals | Location: Govindgarh

Hello, I am Vinod Saini, working as a Super Coach in the Jaipur Royals Zone (Govindgarh). I have been training children under the Bano Champion Program for the past few years, and I have witnessed a very positive transformation in our rural area.

Earlier, our grounds were empty, but today many boys and girls come regularly for training. This program has greatly improved their enthusiasm, discipline, and confidence.

Bano Champion provides free sports training to children aged 8 to 18, along with opportunities like district and state-level competitions, scouting camps, academy training, and scholarships for talented players. Many children from our ground are now performing well at district, state, and even national levels.

Thank you.

Rakesh Fadoliya
Supervisor/Coach - Bano Champion Program
Zone: Sikar Soldiers | Location: Ranoli

"Over the past year, I've seen AU Foundation's remarkable impact on young athletes, helping many excel at district, state, and national levels. The "Bano Champion" project has improved my coaching skills and provided a strong platform for our athletes. The Weekend Leagues, Village, District, and State tournaments have helped and motivated the athletes immensely. I'm grateful to AU Foundation for their commitment to nurturing talent and providing essential resources.

Parent of Tarun Kumawat – Tanju Kumawat

"Before joining the Bano Champion program, Tarun was interested in sports but lacked proper guidance. Since becoming part of this initiative, we have seen tremendous growth in his performance. His stamina, discipline, and overall confidence have improved significantly. Not only has he excelled in his sport, but his focus on academics has also strengthened. He has learned the importance of balancing both studies and training, which was difficult earlier".

Parent of Gunnu Rajput – Aarti Rajput

"We have seen a remarkable change in Gunnu since she started training under the Bano Champion program. Initially, she was shy and lacked confidence, but through continuous training and encouragement from the coaches, she has become more determined and disciplined. Her athletic performance has improved, and we can see that she is now more focused, not just in sports but also in academics. Her time management skills have improved, and she is more responsible in daily life".

Kartavya Gupta **Wushu Athlete, Marwar Yoddhas (Jalore)**

My name is Kartavya Gupta and I come from Hanuman Nagar in Jalore. I grew up in a modest family where my parents worked very hard to support our dreams. My father works as a factory labourer and my mother is a tuition teacher. They have always encouraged my sister and me to pursue education and sports.

Three years ago, my sister Kavya and I joined the AU Bank Bano Champion Program. Through this program, we received proper coaching, equipment, and opportunities to compete in tournaments.

My journey in Wushu has been very special, I won a Gold Medal at the District Level, a Silver Medal at the 19th Rajasthan Sub-Junior State Wushu Championship, and later secured Gold at the 9** Federation Cup National Wushu Championship.

Payal Chaudhary **Pole Vaulter, Avaniya Bagru, Rajasthan**

I am Payal Chaudhary, a 15-year-old athlete from Avaniya Bagru village of Rajasthan. Born to a farmer facing financial struggles, I discovered my passion for sports despite having only old equipment and no proper facilities. What began as pole vault in school has blossomed into excellence in long jump, taking me to three national competitions - NIDJM, AFI Junior Nationals, and SGFI.

My father's calloused hands due to farming have supported every leap I've taken. My family's unwavering belief became my strength when challenges seemed insurmountable. Recently, my selection under sports quota in the Indian Army opened doors I once thought impossible. Bano Champion transformed my journey from a village girl with big dreams into a confident athlete ready to shine at the global stage. The program didn't just provide coaching-it gave me wings to soar from my village fields to Olympic aspirations. Today, I train not just for medals, but to prove that dreams know no boundaries when nurtured with passion, dedication, and the right support.

Devika Soni **Athlete, Nohar, Jhunjhunu Army Zone**

My name is Devika Soni and I come from Nohar. I am a part of the Jhunjhunu Army Zone and a proud athlete of the Bano Champion Program. I come from a simple rural family, and my parents have always supported me in following my dreams in sports.

Before joining the program, I used to practise on my own. After becoming a part of the Bano Champion Program, I received proper training, guidance, and opportunities to perform at higher levels.

My journey in athletics has been very special. I won gold medals at the district level and SGFI State level, and later won a gold medal at the 39th National Junior Athletics Championship 2024 in Bhubaneswar, Odisha.

16. Voice of Champions

Sunita Chaudhary Breaking Barriers: From Jalore to the International Wushu Arena

Sunita Chaudhary comes from rural Jalore, Rajasthan, where access to sports facilities and professional training was very limited. Despite these challenges, her passion for Wushu kept her motivated to continue chasing her dream. Her journey took a new direction when she joined the AU Bank Bano Champion Program, which gave her structured coaching, mentorship, and opportunities to compete in tournaments. With regular training, hard work, and determination, Sunita kept improving her performance and reached higher levels in the sport.

In 2025, she achieved a major milestone when she was selected to represent India at the Batumi International Open Wushu Competition in Georgia, becoming the only athlete from Rajasthan chosen for this prestigious event. She made the most of this opportunity by delivering an outstanding performance and winning a gold medal, bringing pride to her state and the nation.

Sunita's journey is a beautiful example of how the right support and one strong opportunity can change a life, turning rural talent into international success and inspiring many young girls to believe that their dreams are valid too.

The Journey of Shagun Verma, a Rising Javelin Star

Shagun Verma, a young athlete from a humble background, is a shining example of how hard work and determination can turn hesitation into triumph. A resident of a small town, Shagun grew up in a family of five. Her father, Omprakash Verma, works as a labourer, while her mother, Jyoti Verma, teaches in a private school. With two younger siblings, Shagun's journey to success has not been easy, but her unwavering dedication to her sport has brought her immense pride and recognition.

Two years ago, Shagun's sports journey began when she joined an academy without fully understanding the world of athletics. Initially, she played throwball, a game she thoroughly enjoyed and excelled in, even strengthening her shoulders with continuous practice. However, when throwball was discontinued from school games, Shagun faced a turning point. Her coach suggested she try javelin throw—a sport she was not initially fond of. Despite her reluctance, Shagun began practicing javelin, and although the initial days were filled with challenges and frustration, she persevered.

Her persistence paid off when she participated in her first school games. Shagun not only secured first position but also earned a spot at the state level. Since that day, her passion for the javelin throw has grown, fuelling her desire to improve further. Her consistent efforts have led her to win positions at district and state levels, and most notably, she recently won a bronze medal in the West Zone competition held in Odisha.

Balancing her education and sports, Shagun's day starts early with training at the ground before heading to school. She returns in the evening to practice again, showing her commitment to excelling in her game.

In February 2024, Shagun proudly competed in her first national competition, marking a new chapter in her athletic journey.

With each passing day, Shagun continues to push her limits, determined to take her game to greater heights. Her story is one of resilience, proving that with passion and effort, even the toughest beginnings can lead to a path of success.

Kiyan Poonia From a Curious Beginner to Shekhawati's Best Goalkeeper

Kiyan Poonia, a young footballer from Jhunjhunu, comes from a family of four where sportsmanship runs deep. His father, who serves in the Indian Army and has a background in polo, instilled in him a love for sports from an early age. This encouragement led Kiyan to start visiting the local ground three years ago, where he trains under Coach Amit Kumar as part of the Bano Champion Project at Chidawa.

Initially, Kiyan would visit the ground casually, watching his friends play football. Gradually, his interest grew, and he began training regularly. While he initially aspired to play as a striker, an unexpected opportunity during the 2023 District School Tournament changed his journey. The school team needed a goalkeeper, and Kiyan volunteered. His agility and enthusiasm quickly made him stand out, and he soon began to refine his goalkeeping skills with focus and discipline.

In 2024, Kiyan represented Jhunjhunu district in the State-level Football Tournament held at Bikaner, marking his first major competitive experience. Building on that success, he was again part of the Jhunjhunu district team that finished runner-up in the 69th State Football Championship held in Bhilwara in 2025. Today, Kiyan is recognized as one of the best goalkeepers in the Shekhawati region, known for his quick reflexes and sharp game sense.

Kiyan's journey from a curious learner to a regional standout highlights how opportunity, consistent training, and the right mentorship can transform potential into excellence – a true reflection of the impact of the Bano Champion Project.

अंडर 11 आयु वर्ग के खिलाड़ी
और वॉलीबॉल आदि खेलों में भ

ले सकते हैं। इस दौरान प्रशासक महेंद्र कुमार शर्मा ने कहा कि कच्चे सहित आठवाक के बच्चों के लिए खोलों में स्थापित करने का अत्यन्त मौक़ा है। उन्होंने कहा कि बच्चों को खेलों में भाग लेना समग्र की आवश्यकता है। आज बच्चे दिवा पर मोबाइल में गेम खेलते रहते हैं जो वास्तविक ज़िन्दगी से दूर रहते हैं। शारीरिक खेलों में वास्तविक लेने में मनसिक विकास भी होता है। इस अवसर पर इस दौरान यादव महाराज इन्फ़ार्म अस्पताल प्रभारी लाल खातरिया, सोहालसाल सिरसना, चर्चें गोस्वामी, सुनील कुमार, छहल यादव, दीपक यादव, सुनील कुमार
